Step By Step We're With You

The process couldn't be simpler...

Here are 4 simple steps to getting your new Shade Sail installed.

Step 1

Fill out the form and we'll get back to you ASAP to discuss your requirements and arrange a free quote.

Step 2

One of our highly experienced designers will attend your site to assess the best and most cost-effective way to install your new shade sail.

Step 3

Our expert build team will work with you to design, manufacture and install your new shade sail in a quick and timely fashion.

Step 4

Enjoy outdoor living in style with your new EzyShades quality Shade Sail.

What is a Shade Sail?

Shade sails are customisable and multi-purpose products, championed for their value and versatility.

Shade sails are aesthetically pleasing and come in a range of designs to suit almost any requirement or setting.

How long do they last?

When designed and built professionally, shade sails are the ideal long-term solution.

Testimonials

Brad Grant

“ Just want to thank you and your team for our great shade sail. We’ve had over a full month of great times in our pool, in the shade! It has certainly made each experience much more enjoyable and less stressful! Thanks again. We will enjoy many more pleasurable times in the pool in future thanks to you and your guys for providing us with a great product! ”

FAQs

Are shade sails cost effective?

Yes, they are extremely cost effective. Shade sails are designed to be a long-term solution, providing protection from the sun.

Are shade sails waterproof?

While shade sails can handle being exposed to the rain, they are not waterproof. If you are interested in a waterproof option, we recommend looking into the Waterproof sails.

Does wind affect shade sails?

No, our shade sails should not be affected as we use high quality material that is strong enough to withstand the wind.

Is maintenance required after installation?

Basic maintenance such as cleaning the shade sail will be required on a regular basis to ensure a long life of the fabric. We also recommend removing the shade sail during the winter months to preserve the sail during harsh weather conditions.

Are shade sails customisable?

Absolutely! Our shade sail fabrics come in a variety of shapes, colours and densities. All our shade sails can be customised to your specific needs and designed with your unique setting in mind.
